Help Christians for Life, Inc bring the Heart of America Memorial Wall for the Unborn to LIFE!

Our goal is to have the first phase of the memorial completed by May 2009! The first phase will include the following:

- A 5-6 ft black granite wall
- A brick path from the street to the wall
- A walk way around the wall
- Shrubs and flowers
- Lighting for the wall to illuminated at night
- A circular drive way

The path to the wall will be paved with individual bricks that we are encouraging families to donate with their family name imprinted on it.

This will be a symbolic way for you and your family to say to those who have lost babies to abortion, miscarriage, and stillbirth that your family wanted to help build the memorial so they would have a place to grieve their unborn babies.

By donating the cost for a brick with your family name on it; your family is helping pave the way to healing, restoration and forgiveness for many wounded individuals.

As they take the brick path to the memorial wall they will see the names of families that cared enough to bring the memorial to LIFE!

For a suggested donation of \$150 your family's name, place of business, church, or organization will be placed on a brick. This donation will provide perpetual care of the memorial. [You can choose to donate online at our website, www.heartofamericawall.org](http://www.heartofamericawall.org), or fill out the form at the bottom of the page and return to Christians for Life [at the above address](#), with a [suggested](#) donation of \$150.00.
