**Bound4Life
Chapter coming to
Topeka????**

God said, "I looked for a man among them who would build up the wall and stand before me in the gap on behalf of the land so I would not have to destroy it" Ezekiel 22:30. We live in a day when intercessors are desperately needed. The Scriptures are very clear that nations are judged when the shedding of innocent blood is officially sanctioned by government. Right now God is calling intercessors to run into the gap to cry out to God for mercy on behalf of the nation - to plead a blood that speaks a better word than the blood of over 50 million innocent babies and as many precious but wounded mothers and fathers.

While reading a quote in a biography on William Wilberforce, Lou Engle was suddenly and forcefully apprehended by the Presence of God. He received a commission from the Lord, "Raise up a prayer movement to end abortion in American". Bound4Life is the supernatural child born from the commission, and God has taken up the mobilization of this prayer movement. God now wants to mobilize Topekans

commissioned to this same call. We have a dream, like Martin Luther King, Jr., that abortion can end in America, mothers can be spared from pain and shame, and babies can be cared for by parents or adopted by two-parent Godly home.

Bound4Life is a grass roots prayer mobilization movement targeting the ending of abortion, the increase of adoptions and the reformation of government and society through spiritual awakening. Our mission is to mobilize a groundswell of prayer through:

1. Silent Sieges in front of the Kansas State Supreme Court Building (also known as the Judicial Center)
2. Making the Bound4Life covenant to Pray, Vote and Obey

**The Lord's Call
Falling on CFL
Members:
PRISON MINISTRY**

Barbara Saldivar, the Executive Director and Founder of CFL has been called by God to be trained in the women's prison ministry, with the hope of sharing with women the forgiveness and healing of the Lord as it relates to possible past abortions.

Pat Hollomon, CFL Board President learned that between 1977 and 2004 the incarceration of women in America had increased by 757%. CFL believes that many of these women, in all likelihood are suffering from PAS (Post Abortion Syndrome); which caused them to spiral down in all areas of their lives which led to crimes for which they are now in prison.

Pray for Barbara and other Christian leaders that are ministering to the women incarcerated here in Topeka.

**Post Abortion
Healing**

Nancy Lutz, CFL's Secretary has been trained and is now leading Post Abortion Bible Studies through her church.

Nancy has helped with two of the memorial services held for aborted babies at the memorial.

This ministry is one that needs daily prayer. It is so difficult for those wounded by abortion to seek the help that will deliver them forever from the pain of their guilt and loss.

The Bible study that is being used at TBC and a couple other churches is called **SURRENDERING THE SECRET**.

Pray for those churches that are ministering to PAS women and men. Pray for other churches to step up and offer this wonderful series to their hurting members.

The local church is the logical place for those wounded by abortion to receive healing.

**Black Church Education
on Abortion**

Pat Hollomon, CFL's President and her husband, Fred, who is a CFL Board member, have been called

by the Lord along with their Pastor and his wife, Pastor Cecil T. Washington and Audrey Washington, to begin an outreach ministry to predominately black churches.

They will share:

1. How abortion is the leading cause of death in the black community. Since 1973, over 14 million Black babies have been killed by abortion.

2. How Planned Parenthood and founder, Margaret Sanger, used eugenics to in her own words, "kill human weeds." (in minorities, blue-collar workers and special-needs people.)

3. How Margaret Sanger was a friend of Hitler and the Third Reich.

4. How approximately 35% of all abortions in America are performed on African-American women.

5. How they are targeted deliberately by the abortion industry.
