## Memorial Ceremonies in 2009

The Heart of America Memorial has had the honor of memorializing six babies in the past six months. What a joy to see the mothers of these little ones finally have a place to grieve their children.

One mother has spent 22 years grieving her still born baby, David Wayne. Finally in 2009 she was able to put David Wayne to rest. For the first time in 22 years Mother's Day wasn't agony for her.

It is only confirmation for us at Christians for Life to see how the memorial is already bringing healing and restoration to those grieving the loss of a child.

The first memorial stone has over sixty names engraved on it. The first side is almost full. If you know someone who has had an abortion, miscarriage or stillbirth who is struggling with the loss of their baby; please give them our phone number 785-267-5777. We can help!!! There is no cemetery for them to go to. No tomb stone with their child's name on it. The Heart of America Memorial Wall provides both for these grieving women.

## Update on memorial grounds

Completion of the first phase of the grounds is continuing. The lighting was installed last December. In August the sidewalks were poured.

The next steps are paving the roadway, landscaping the ground; installing a small water fall, construction of a gazebo, installing benches and a fence. If you want to help support the memorial; make check payable to Christians for Life; send to P.O. Box 3856 Topeka, Ks. 66604

### Directions to Memorial:

Take I-70 to the California exit, turn left on California and immediately get in right hand lane. Turn right on 11<sup>th</sup> Street, go to Republican Street, turn left on Republican, go until you see The Heart of American Memorial Wall on your right. Approximately 2-3 blocks.
