July 2023

Barbara Saldivar, Founder & Director

Meet and Greet With Healing Hearts Ministries International

Barbara Saldivar, Director and Gary Roten, President speaking at Meet and Greet featuring Sue Liljeborg, Founder & Director of Healing Hearts Ministries International.

Healing Hearts Ministries includes *Binding the Broken Hearted and Restoring a Father's Heart*, post-abortive Bible studies for women and men. Ron and Shelly Brush along with Carmen Metzger have all gone through the training required and are available to lead groups or individuals in person or online through the 10 week course. People are signing up for the classes throughout Kansas; and we join the Brushes and Carmen in praising the Lord for this. Christians for Life, Inc. (CFL) is helping this group all we can because it is our mission to see people healed from the trauma of abortion in addition to facilitating the *Heart of America Memorial Wall for the Unborn*.

Participated in the Easter Parade

Andy Saldivar and Ron Brush at the Easter Parade in North Topeka marched with our banner. The rest of the board handed out candy and brochures of the Memorial wall to patrons at the parade.

Update

Our last newsletter in February carried a request for prayer concerning the need for more space to engrave names on the wall. I am happy to report that two new granite walls have been donated. We are waiting to have them placed on the grounds as soon as the company doing the placing gets to our turn. We thank those who donated these valuable additions to the memorial park and to volunteers who have assisted. Special thanks to Andy Saldivar who has been doing great work in letting businesses know about the need for more space and who Christians for Life is.

Christians for Life is a 501 C3 pro-life para-church ministry. We began in the year 2003 and started working on building a memorial park as a special project. That has been our main focus throughout the years. You can see pictures of the park at www.heartofamericawall.org. Our pro-life work is unique because of our two-prong approach of facilitating the memorial garden and supporting a post abortion scripture-based Bible study in sync with Healing Hearts International Ministries. We have been blessed with many volunteers and in-kind gifts in establishing the memorial garden, but we are now at a place where we are looking for financial sponsors to help with covering the ongoing care expenses like engraving names, sponsoring healing Bible studies, mowing, electricity, water, etc.

Thank you for considering making a one-time or monthly donation. Please go to the website www.heartofamerica.org and click on the donate page.
